

Tariff of Mortgage Charges

› Version 5

Fleet Mortgages is closely involved in the mortgage industry's initiative with UK Finance and Which? to make our fees and charges easy for you to understand.

Our tariff of charges fully reflects the initiative's good practice principles. This same document is being used across the industry to help customers compare mortgages.

Black italic font indicates fees not included in the review or supplementary information regarding the fee.

<p>Completion Fee</p>	<p><i>This fee is payable upon completion and covers part of the cost of the mortgage product set up.</i> <i>This fee varies according to the type of mortgage product and the advance amount.</i> <i>This fee can be paid on application or added to your mortgage but doing this will increase the amount you borrow, the interest that accrues and your monthly payments.</i></p>	<p><i>This fee is loan and product specific</i></p>

You will be required to pay their legal fees and costs. These fees/costs are normally charged by the conveyancer, directly to you unless we tell you that we will contribute to the legal costs as part of your product deal.</p>	<p>These fees/costs are charged by the conveyancer directly to you</p>																																																																
<p>Re-Inspection Fee</p>	<p>If we consider that essential repairs are required to the property, we may retain some of the advance until the necessary works are completed satisfactorily. <p>Valuation Fee</p>	<p>The lender's valuation report, which is used to assess whether the property is suitable security for the mortgage and to calculate how much they will lend you. This is separate from any valuation or survey of the property that you might want to commission.</p> <p>There are other homebuyers or structural survey options available to you at a cost and there may be different approaches in different parts of the UK.</p> <p>Some mortgages offer free valuations - the product details for your mortgage will tell you if this is the case.</p> <p>These are the current maximum fees - some products may offer free or discounted fees.
